1. WARRANTIES: Seller warrants to Buyer and its customers that all items delivered and all services rendered hereunder will conform to the requirements hereof and will be free from defects. In addition to other remedies which may be available

at law or in equity, Buyer, at its option, may return to Seller any nonconforming or defective items, or require correction or replacement of the item (s), all at Seller's risk and expense. If Buyer does not require correction or replacement of nonconforming or defective item(s), Seller shall repay such portion of the contract price or such additional amount as is equitable under the circumstances. These rights of Buyer are in addition to and shall not be limited by Seller's standard warranties. Inspection and acceptance of items by Buyer or its customer, or payment therefore, shall not relieve Seller of its responsibilities hereunder.

2. **CHANGES:** By written order, Buyer may, from time to time, order work suspension or make changes in drawings, designs, specifications, place of delivery, methods of shipment and packaging, and property and services furnished by Buyer. If any such change causes an increase or decrease in the price of this Order or in the time required for its performance, Seller shall, within 10 days after the change is ordered, notify Buyer of its intent to submit a proposal for adjustment and an equitable adjustment shall be made. However, nothing in this provision shall excuse Seller from proceeding immediately with the Order as changed. Whether made pursuant to this provision or by mutual agreement, changes shall not be binding upon Buyer except when specifically confirmed in writing by a member of Buyer's Procurement Department. Information, advice, approvals, or instructions given by Buyer's technical personnel or other representatives shall be deemed expressions of personal opinion only and shall not affect Buyer's and Seller's rights and obligations hereunder unless set forth in a writing which is signed by a member of Buyer's Purchasing Department and which expressly states that it constitutes an amendment or change to this Order.
3. **INFRINGEMENT INDEMNITY:**
 - (a) In lieu of any other warranty by Buyer or Seller against infringement, statutory or otherwise, it is agreed that Seller shall defend, at its expense, any suit against Buyer or its customers based on a claim that any item furnished under this Order or the normal use or sale thereof infringes any U.S. Letters Patent or copyright, other than claims under Letters Patent covering combinations of such items with items not furnished by Seller, unless such claim is due solely to Seller's item irrespective of the combination, and shall pay costs and damages finally awarded in any such suit, provided that Seller is notified in writing of the suit and given authority, information, and assistance at Seller's expense for the defense of same. If the use or sale of said item is enjoined as a result of such suit, Seller, at no expense to Buyer, shall obtain for Buyer and its customers the right to use and sell said item or shall substitute an equivalent item acceptable to Buyer and extend this patent indemnity thereto.
 - (b) Notwithstanding the foregoing provision, when this Order is performed under the authorization and consent of the U.S. Government to infringe U.S. Patents, Seller's liability for infringement of such Patents in such performance shall be limited to the extent of the obligation of the Buyer to indemnify the U.S. Government.
4. **SELLER'S DATA:**
 - (a) Seller agrees that all information, including but not limited to technical data, computer software and documentation, tapes, photo prints, and other information, furnished with items or required to be furnished by this Order, together with any information furnished orally, shall be free from proprietary restriction except if elsewhere authorized in this Order. Subject to Provision 4(b) below, Seller's data, for which a restrictive use marking is authorized by the DFARS or elsewhere in this order, may be duplicated, modified, distributed or otherwise used by Buyer in performance of its customer contracts. Such usage includes, as a minimum, preparation of logistics and instructional information and delivery thereof as required by such customer's contract. Any other specific rights, not inconsistent with these minimum rights, shall be listed or described in a license or agreement and made a part of this Order. Seller also grants to the Buyer the same rights granted above to the Government for use by Buyer in performance of its higher tier contracts.
 - (b) Except as to data available to Buyer without restriction from other sources or independently developed by Buyer or released by Seller without restriction, Seller's data subject to an authorized restrictive use marking shall not without Seller's permission be: (1) used by Buyer for procurement from other than Seller, (2) used by Buyer for manufacture of items described by such data, or (3) disclosed outside Buyer or its customers.
 - (c) (1) To the extent that Seller establishes a claim to statutory copyright in any data first produced or furnished in the performance of this Order, Seller grants the Buyer a royalty-free, nonexclusive, irrevocable, world-wide license to publish, distribute, translate, duplicate, exhibit, or perform any such data copyrighted by the Seller with the right to grant sublicenses.

(2) The Seller further agrees not to knowingly include any data copyrighted by others in technical data delivered under this Order without first obtaining, at no additional cost and for the benefit of the Buyer, a license therein of the same scope as set forth in Provision 4(c)(1).

5. BUYER'S PROPRIETARY RIGHTS, AND DISCLOSURE:

- (a) Seller shall not use or disclose, without Buyer's prior written consent and agrees that Buyer owns all intellectual property rights in any tools or other items or drawings, specifications, technical information, computer software, or other data which have been specially designed for Buyer in connection with this Order or furnished by Buyer, provided, however, that if the U.S. Government has the right to authorize the use of such tools, items, drawings, specifications, technical information or data, Seller may, to the extent of such right, use them as authorized by the U.S. Government; provided, further that, Seller gives Buyer notice of such authorization prior to such use. This paragraph shall not apply to technical data generated by Seller in which the Government has unlimited rights.
- (b) Seller agrees that it will not publicize this Order or disclose, confirm, or deny any details thereof to third parties, or use Buyer's name in connection with Seller's sales promotion or publicity without prior written approval from Buyer.
- (c) Nothing in this Provision 5, however, shall restrict Seller's right to use or disclose drawings, specifications, technical information, and other data, which are rightfully obtained from other sources without restriction.

6. DEFAULT:

- (a) Buyer may terminate this Order for Seller's default in accordance with FAR 52.249-8 if circumstances set forth therein occur, or if Seller becomes insolvent, fails to pay its debts as they become due, or makes or proposes an assignment for the benefit of creditors. Buyer shall have such additional remedies for default as may be available at law or in equity whether or not it terminates this Order. To be relieved of liability for excess cost as provided in paragraph (c) of FAR 52.249-8, Seller must provide Buyer written notice of the cause of failure to perform, which is beyond its control and without its fault or negligence within ten (10) days of occurrence of the cause.
- (b) (1) If at any time it appears that the Seller has not or will not meet this Order's delivery schedule, or any extension thereof, the Buyer shall have the right to require the Seller to submit a revised delivery schedule together with adequate documentation to support the reasonableness of the revised schedule. The revised schedule shall provide a specific date for the delivery of each deliverable item under this Order and shall not be submitted subject to any contingencies.

(2) Such request shall not be deemed a waiver of any existing delivery schedule or any other rights of Buyer under this order.

(3) If the Seller fails to submit a revised delivery schedule as specified above, or any extension thereof granted by the Buyer, the Seller shall be deemed to have failed to make delivery within the meaning of the "Default" clause of this Order and this Order shall be subject to termination.
- (c) FAR 52.249-8 is modified as follows for the purposes of this Order and is subject to the Definitions Provision herein: "Contracting Officer" means Buyer's Purchasing Representative, and "Government" means Buyer, except in paragraph (c) where it means Government and in paragraph (e) where it means Government or Buyer. In the second sentence of paragraph (c), add "acts of Buyer" to the list of examples.

7. ASSIGNMENTS AND SUBCONTRACTING:

- (a) Neither this Order nor any interest herein nor claim hereunder may be assigned or delegated by Seller; nor may all or substantially all of this Order be further subcontracted by Seller without the prior written consent of Buyer. Buyer's consent shall not be deemed to relieve Seller of its obligations to comply fully with the requirements hereof.
- (b) Notwithstanding the above, Seller may, without Buyer's consent, assign monies due or to become due hereunder provided Buyer shall continue to have the right to exercise any and all of its rights hereunder, settle any and all claims arising out of, and enter into amendments to this Order without notice to or consent of the assignee. Buyer shall be given notice of any assignment and all invoices shall refer to the assignment.

8. PRICES:

Seller warrants that any unit prices charged herein do not exceed the unit prices charged by Seller to the U.S. Government or other customers in substantially similar transactions.

9. INVOICES:

The text of this document shall not be changed except by written agreement between HRL and Seller

PURCHASE ORDER ATTACHMENT GL-21 (Continued)

- (a) Invoices in duplicate shall be emailed to Buyer's Accounts Payable Department when items are shipped. The time for payment shall not commence before Buyer's actual or scheduled receipt, whichever is later, of items at their destination or before performance by Seller in accordance with the requirements of this Order. Without limiting Buyer's other remedies, if data are deficient or are not furnished when scheduled, Buyer may withhold remaining payments (or such portion thereof as Buyer may deem equitable) until such deficiency or delinquency is cured. All shipping costs and all Federal manufacturers' and retailers' excise and state or local sales or use taxes, when applicable, must be billed as separate items on Seller's invoices. Any and all tax exemption certificates shall be accepted by Seller. Seller hereby certifies that these goods were produced in compliance with all applicable requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act, as amended, and of regulations and orders of the U.S. Department of Labor issued under Section 14 thereof.
- (b) In addition to any other remedies that may be available at law or in equity, Buyer shall have the right to recover from Seller, by offset or otherwise, the price of any items returned to Seller under the terms of this Order.

10. CREDIT LIMITS:

HRL's credit limit should be established consistent with the HRL Dun & Bradstreet Conservative Credit Limit. Suppliers agree that credit holds shall not be placed on an HRL account to the extent that greater than 10% of HRL's Dun and Bradstreet Conservative Credit limit remains.

11. HAZARDOUS MATERIAL PACKAGING, LABELING, AND SHIPPING:

- (a) Seller shall package, label, transport, and ship hazardous material or items containing hazardous materials in accordance with all applicable Federal, state, and local laws and regulations, including but not limited to current published issues of tariffs and regulations reflecting 49 CFR Articles 100-199, FAR 52.223-3, DFARS 252.223-7001, the Explosive Safety Manual AFM 127-100, and Federal Aviation Regulation 103, as amended (e.g., the current Hazardous Materials Regulations of the Department of Transportation; the Official Air Transport Restricted Articles Tariff; Packaging and Handling of Dangerous Materials for Transportation by Military Aircraft, Joint Manual AFM 71-4; and subsequent reissues thereof) and, if applicable, to furnish appropriate Material Safety Data Sheets in accordance with California Hazardous Substances Information and Training Act. Seller, prior to each hazardous material shipment, shall notify Buyer of its nature and shipment date by such means of communications as will allow for proper preparation for acceptance of delivery by the carrier of the material and shall identify same on all shipping documents.
- (b) The 1990 Clean Air Act Amendments and implementing regulations established labeling requirements for products manufactured with, containers of, and products containing specific ozone depleting substances. This label must be "clear and conspicuous". There is no requirement that suppliers label directly on the hardware. Because labeling hardware may not conform with requirements contained in the technical data package (if any), pertinent to this Purchase Order, Buyer prefers that the hardware deliveries under this purchase order not be labeled, and that alternative labeling be used. The EPA regulation provides for the use of alternative labeling. Supplemental printed material may also be appropriate, i.e., where the statement would be as conspicuous on printed material as it would be on the product. For specific requirements and options on labeling regulations, refer to 40 CFR 82.

12. ADDITIONAL PURCHASE ORDER AMENDMENTS:

Seller, upon the request of Buyer, shall negotiate amendments to this Order to incorporate additional provisions herein or to change provisions hereof as Buyer may reasonably deem necessary in order to comply with the provisions of the contract between Buyer and its customer or with the provisions of amendments to such contract. If such amendments to this Order cause an increase or decrease in the cost of, or the time required for, performance of this Order, an equitable adjustment shall be made in the price or delivery schedule, or both, pursuant to the Changes provision herein.

13. QUALITY CONTROL AND INSPECTION:

- (a) Seller and its suppliers shall establish and maintain a quality control and inspection program as required by the quality control requirements of this Order. Any changes, deviations or waivers from the requirements of the Order shall have the prior written approval of the Buyer.
- (b) Subject to applicable national security regulations, Buyer; Buyer's customer and appropriate regulatory authorities shall have the right of access on a non-interference basis, to any area of Seller's or Seller's supplier's premises where any part of the work is being performed. Seller shall, without additional costs to Buyer, provide all reasonable

in-plant accommodations, facilities, and assistance for the safety and convenience of the Buyer and Buyer's customer representatives in the performance of their duties.

- (c) In order to ensure that the equipment satisfies the program requirements and to demonstrate compliance with applicable technical specifications, Seller and Seller's suppliers shall perform factory tests as required by the Order and the Buyer or its customer representatives may witness such tests and review the test data. Seller shall give Buyer advance notice as is reasonable necessary to allow Buyer to witness any required test. The work set forth in the Order is subject to inspections and monitoring in accordance with the requirements of this Order and the quality program set forth at the Seller's or Seller's supplier's facility and such may be performed by the Buyer or its customer at their sole discretion. Inspection by the Buyer or its customer shall not relieve the Seller from responsibility for any omission, defect, fault, or other failure to meet the requirements of this Order. If any item is found to be defective in material, workmanship, or otherwise not in conformance with the requirements of this Order, the Buyer shall have the right to reject such defective item(s) or require its prompt correction, all at Seller's expense.
- (d) Seller shall keep and maintain proper and adequate inspection, test, and related records, which shall be available for inspection by the Buyer or its customer representative and shall allow copies to be made and extracts to be taken and shall furnish all information which may be required by the Buyer.
- (e) All items also may be subject to further inspection and acceptance at Buyer's plant, Seller's plant, or site of installation, notwithstanding any payments or other prior inspection. Final acceptance shall be at Buyer's facility or Buyer's Purchasing representative may designate such other place as in writing.

14. DISPUTES:

Buyer and Seller agree to make a good faith attempt to settle any dispute arising under or related to this Order without resort to legal action. If such good faith efforts fail, the Buyer, at its option, may submit the dispute to mediation and/or binding arbitration in the State and County in which the Order was issued. The selection of an independent and neutral mediator shall be at the mutual agreement of the parties. Buyer reserves the right to abandon arbitration and pursue all available legal and equitable remedies in the event Seller does not comply with a demand for arbitration within sixty days of notice. The cost of mediation and arbitration, including the fees of the mediator(s) or arbitrators(s), shall be divided equally by the parties unless the award provides otherwise. Each party shall bear its own cost of preparing and presenting its case.

Pending resolution of any dispute arising hereunder, Seller shall proceed diligently with the performance of this Order in accordance with Buyer's direction concerning the subject matter of such dispute. Irrespective of the place of performance, this Order will be construed and interpreted according to the laws of the state from which Buyer's Order is issued without resort to said state's Conflicts of Law rules.

15. GENERAL:

This Order and the attachments and documents incorporated herein constitute the complete and exclusive statement of the terms of this agreement between Buyer and Seller and supersede all prior representations, understandings, and communications relating hereto. The invalidity in whole or in part of any provision of this Order shall not affect the validity of other provisions. Buyer's failure to insist, in any one or more instances, upon the performance of any term of this Order, shall not be construed as a waiver or relinquishment of Buyer's right to such performance or to future performance of such a term or terms, and Seller's obligation in respect thereto shall continue in full force and effect. Time shall be of the essence hereunder. Seller shall perform work and make deliveries hereunder no earlier than and only to the minimum extent consistent with delivery schedules and other requirements.

16. PRECEDENCE:

Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) typed provisions set forth in this Order, (2) Buyer's Purchase Order Attachments and Exhibits, (3) the preprinted portion of this Order, (4) statement of work, and (5) specifications attached or incorporated by reference. Buyer's specifications shall prevail over those of an agency of the U.S. Government, and both shall prevail over those of Seller.

17. DEFINITIONS FOR FAR/DFARS CLAUSES:

The following definitions shall apply to this Order except as otherwise herein provided. The date of the FAR/DFARS clauses shall be the same as the date of the FAR/DFARS clauses in Buyer's prime contract, unless otherwise stated in the body of the Order.
